Experience

2022-23
Kortrijk
Delaware — Senior Front-end Developer
Responsible for setting up the front-end from scratch, ensuring responsive layouts and creating reusable components. Collaborated with the back-end teams. Created demos for pre-sales, with custom dashboards and API integrations. Developed multilingual landing pages in HubSpot with web animations and customizable back-end modules.

2017-19
Lisbon
NOVA FCSH / Aromni — Digital Product Designer
Conceived and developed Smart Stories, an immersive Web VR experience. Created all the sketches and wireframes, prototypes, design assets, including all 360 imagery and promotional video. Developed also the BOLHA 360 WebVR experience.

2015
Remote
Two Impulse — Front-end & WordPress Developer
Worked remotely to design and developed a fully-customizable WordPress template for an online shop. Github and Bitbucket were used by the team for versions control.

2014-22
Lisbon
INATEL — Senior Graphic Designer
Created branding and promotional materials for cultural, sports, hotels and tourism events, including the international BTL conference's stands. Produced animated videos for the 80th anniversary. Created & managed newsletters (+250k subscribers).

2010-14
Lisbon
Draft Flow — Web Designer & Developer
Responsible for web projects, including CMS integration, contact forms, newsletters, interactive micro-sites, animated flash banners for Pescanova and Bledina. Assisted with packaging design print-production for Pescanova, Bledina, and Primor products.

2008-09
Munich
ESA Hubble Space Telescope — Graphic Design Intern
Designed books and brochures, such as "CAP 2017", "Hidden Universe", "Eyes on the Skies" and "IYA2019 Brochure". First contact working on a huge organization.

2007
Espinho
Navegar Foundation — Web and Design Intern
Responsible for designing and developing websites, including the Portuguese International Year of Astronomy 2009 site, scientific conferences, planetarium shows, and the company website. Also designed the user interface for the software "DomeView."

Education
